PERSONAL INFO

Driving license, own vehicle
Open to on-site or remote work

LANGUAGES

French (C2)
English (C1+)
Armenian (C2)
German (B1)

SOFT SKILLS

Analytical and synthetic thinking
Clear and structured communication
Autonomy, rigor, pedagogy
Team spirit and technical leadership

INTERESTS

Music (piano)
Billiards
Weight training
Video games

PROFESSIONAL EXPERIENCE

- DATA ENGINEER – Personal Projects & Certifications

2024 – 2025

 - Data pipelines: ingestion (S3), transformation (Parquet), automation (Snowpipe, Terraform), visualization (Grafana)
 - Ongoing certifications: AWS Data Engineer Associate & Terraform
 - Open-source documentation, GitHub publication
- DATA ENGINEER – Slagsoa Consulting, Toulouse

2023 – 2024

 - Real-time processing with StreamSets to Snowflake
 - Centralized monitoring via Grafana, LDAP integration
 - Client webinars on deployed architecture (StreamSets + Snowflake)
 - Technical research reports (StreamSets, Splunk, Tableau, Grafana)
 - Educational videos for onboarding
- BACK-END DEVELOPER – Slagsoa Consulting

2022 – 2023

 - WebMethods microservices for user account creation
 - Unit testing, RESTful APIs, database management (PostgreSQL, MySQL)
 - Secure ELK cluster (Elasticsearch, Logstash, Kibana)
 - API redesign: centralized calls, Swagger overhaul

EDUCATION

- MASTER’S IN AI AND DATA ENGINEERING (IAFA) – Paul Sabatier University

2022 – 2024

 - Artificial Intelligence, Machine Learning, data processing, cloud computing
- BACHELOR IN COMPUTER SCIENCE – Paul Sabatier University

2018 – 2022

 - Databases, algorithms, systems, software development

KEY SKILLS

- **Languages** : Python (Pandas, NumPy), SQL, Shell, Java, YAML
- **Cloud & Orchestration** : AWS (S3, Lambda, IAM, CloudFormation), Terraform, Snowflake, Databricks, BigQuery
- **Data Tools** : Kafka, Airflow, dbt, StreamSets, Fivetran, Airbyte
- **Monitoring** : Grafana, ELK Stack, Splunk, Tableau
- **DevOps** : GitHub, CI/CD pipelines, testing, documentation, Docker, Kubernetes
- **Methodologies** : Agile/Scrum, Data Quality, SLA/SLO/SLI, Observability
